INAUGURATION DAY

The Inauguration of the Student Technical innovation club was done by our respected principal Dr. K.V. Mahendra Prashanth and Speaker Aniketh Jain Co-founder of Fyno on 31st March 2023 in Dept of CSE Seminar Hall. The inauguration was accompanied by the college alumni network as well. The Program started with Lighting the Lamp and then adding a positive Vibe by singing a devotional song by Bhavana 1st Year Student.

The Speaker, Aniketh Jain, was welcomed by Dr. K.V. Mahendra Prashanth during his visit to SJBIT. Aniketh Jain's inspiring speech focused on entrepreneurship and his personal journey with his startup, detailing how it has grown over time.

During the speech, Aniketh Jain highlighted the challenges he faced while starting his own business and how he overcame them. He spoke about his experiences in building a successful startup and the importance of staying motivated and dedicated to achieving one's goals. He emphasized the need for businesses to constantly innovate and evolve in order to stay competitive in today's market. It was an engaging session overall where students could ask their queries regarding scaling a business or a startup to new heights.

ANIKETH JAIN (SPEAKER)

Co-Founder of Fyno (July22 - Present)

Former CEO & Co-Founder at Solutions Infini

Tech Chief Revenue Officer - Kaleyra

After that, the alumni were warmly welcomed on stage and acknowledged for their presence and support. A token of gratitude was presented to the alumni, expressing SJBIT's appreciation for their contributions to the institution and its community. The gesture served as a symbol of the institution's gratitude towards the alumni, recognizing their continued involvement and support in various initiatives. The event provided an opportunity to strengthen the ties between the alumni and the institution, and to celebrate the achievements of the SJBIT community together.

During the event, one of the alumni took to the stage to address the students. He shared his experiences and emphasized the importance of learning and networking in achieving success in one's career. The alumni's words of wisdom served as a reminder to the students of valuable connections and opportunities that can be gained through networking and continued learning.
